Every woman who neglects the care of her health at this time in-

vites disease and pain. destructive work.
Such warning symptoms as sense of suffocation, hot flashes, headnches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipa-tion, variable appetite, weakness, inquietude, and dizziness, are promptly heeded by in-telligent women who are
